**1. Your choice is:**

<table>
<thead>
<tr>
<th>First name</th>
<th>Last name</th>
<th>NHS/CHI/ Accident number</th>
</tr>
</thead>
</table>

ResPECT provides a choice of options to anonymously record a patient's preferences. It is important to consider all relevant information when making a decision.

**2. Health and Mental Health Details:**

- Information must be shared with relevant healthcare professionals.
- Consent must be obtained.
- This information is confidential and will only be used for medical purposes.

**3. ReSPECT in Action:**

- CPR: Cardiopulmonary resuscitation
- Advanced: Requires more complex medical procedures
- Immediate: Requires urgent medical attention
